2015-16 CALENDAR
Sep. 17  Victoria Gardens and Lunch Meeting
Oct. 15  Lunch/Tech Tour
Nov. 19  Joint meeting with SoCal
Dec. 9  Holiday Social
Jan. 21  Vendor Show
Feb. 18  Lunch meeting
Mar. 18  Golf Tournament
Apr. 21  Lunch meeting
May 19  Student Presentation Meeting

OCTOBER MEETING
Schedule
11:30am  Registration and Social
12:00pm  Announcements and Introductions
12:15pm  Lunch
12:30pm  Carousel Presentations
1:10pm  Adjourned

Menu Choices
California Turkey Sandwich - Turkey breast, bacon, pepper jack cheese, chipotle mayo, lettuce, tomato and pickle served with potato salad
Hawaiian Luau – Baked ham, grilled pineapple, marinara sauce, provolone lettuce & tomato
Café Bleu - Roasted top sirloin, bleu cheese, sautéed mushrooms, grilled onions, chipotle mayo, lettuce, tomato
Classy Caprese - Fresh mozzarella, basil pesto, tomato & lettuce
Classy Chicken Salad Wrap - Fresh chicken, diced celery, dried apricot mixed with Caesar mayo dressing
Santa Barbara Salad - Strawberries, Feta Cheese, Walnuts and Chicken Breast with a Balsamic Vinaigrette

SIGNING AND STRIPING TECHNICAL TOUR
The County of San Bernardino Public Works department will be hosting an open house for RSBITE members. In addition to self-guided tours of the sign and striping facility, there will be 4 demonstrations showcasing the fabrication of signs, operation of a “liner” truck, application of thermoplastic striping, and stencil painting.
Lunch will be catered by Classy Ladies (aka Classy Café). Visitor parking is located in front of the Public Works building. The walk to the sign shop will be about 1200 feet. If anyone requires special accommodations because they are not able to walk from the parking area to the sign shop as shown in the picture below, please contact Dr. Q to make alternate arrangements.

RSVP using the Eventbrite link below:

This year RSBITE hosted their kick-off lunch with a tour of the newly renovated Victoria Gardens. RSBITE welcomed Charlene Young, Christine Pham, and Ben Duran from Forest City who worked on the renovation project for Victoria Gardens Mall to share insightful information on how the project was handled, progressed, and what innovative ideas are being incorporated into design. The meeting started at Claim Jumpers in Rancho Cucamonga and concluded with a walking tour of the Victoria Gardens Mall.

Victoria Gardens is located off Foothill Boulevard west of I-15 in Rancho Cucamonga. The mall opened in October 2004 and features 164 retailers which serve 14 million visitors per year. The renovations mainly include building facades, sidewalk widening, patio dining expansions, drought-resistant landscaping, and enhanced parklets. While developing a sustainable environment, the designers incorporated local artist drawings into the design components such as adding graphic layers to the sidewalk. The team overcame many challenges during construction in order to maintain access to the local businesses. The mall visits normally peaks on Thursday, Friday, and the weekend. Most of the construction would have to coordinate around those days and busy hours to avoid unnecessary inconvenience to businesses and visitors. Low barricades were implemented to separate the construction zone from pedestrians, and traffic flow in order to enhance the safety for all parties. The logistics of moving the equipment, materials, and waste was also a big challenge to the team.

Please welcome Brandon Wong as one of the new additions to the RSBITE family. He will be the Student Chapter Liaison this upcoming year. A recent graduate from Cal Poly Pomona, he received his B.S. degree in Civil Engineering in 2015. He served as the Student Chapter’s President in 2014-15, in which they were awarded Honorable Mention for the Western District ITE Student Chapter Award. Brandon is starting off his engineering career at the City of Glendale as an Engineering Technician in the Traffic Division. He was previously a Student Assistant at Caltrans District 7. Brandon will be coordinating the student involvement for the SoCal ITE Joint Meeting in November and the RSBITE Student Presentations Meeting in May. One of his main goals is to build a stronger relationship between the local ITE Student Chapters and RSBITE. Contact him with your creative ideas. We look forward to Brandon’s contributions and another successful year.
JOB ANNOUNCEMENT

Albert Grover & Associates, a Fullerton based Traffic Engineering Consulting firm, is seeking resumes from dedicated, responsible and motivated CAD Operators and Project Engineers. Please email your resumes to aga@albertgrover.com.

SOCIAL MEDIA SPOTLIGHT

#tbt to last week where RSBITE would like to thank our guest speakers from Forest City Enterprises, Charlene Young, Christine Pham, and Ben Duran, who presented the process and challenges of streetscape renovations at Victoria Gardens. After a delicious lunch at Claim Jumper, we toured improvements on Monet Ave currently under construction. Looking forward to our next meeting October 15th! #rsbitekickoff #VictoriaGardens #forestcity #streetscape

TSA VENDOR RECAP

The Los Angeles/Orange County Traffic Signal Association (TSA) and Orange County Traffic Engineering Council (OCTEC) hosted their annual Vendor Show and Social Night on Tuesday, September 29 at the Mile Square Golf Course in Fountain Valley. There were nearly 150 students and professionals in attendance and over 20 different vendors present. Vendor displays included lighting solutions, radar speed signs, video surveillance, and new traffic software among the many traffic control devices available. Throughout the night, delicious hors-d’oeuvres were served and a raffle drawing was conducted in the Halloween-themed banquet hall. Prizes were donated by vendors, which included gift cards and cash, sound systems, a few GoPros, and even a Smart TV.

LEGISLATIVE UPDATE

STATUS OF CALIFORNIA BILLS

Up to date Bill information can be found at this link.

The following Bills have passed and are headed to Governor Brown for approval.

**AB 194** - Indefinitely extends the California Transportation Commissions authority to authorize regional transportation agencies to develop and operate high-occupancy toll lanes

**AB 914** - Authorizes the use of express lanes in San Bernardino County. Revenues from this program are required to be spent for specified transportation purposes.
CORPORATE SPONSORS

Platinum Level

Gold Level

Silver Level
SUPPORT LEVELS

- SILVER—$300
  LOGO PLACEMENT IN EACH NEWSLETTER, ON WEB SITE, AND DURING SOCIAL PERIOD OF MEETINGS

- GOLD—$600
  VENDOR TABLE AT A REGULAR LUNCHEON MEETING (ONE OF SIX AVAILABLE MEETINGS), AND ALL SILVER BENEFITS

- PLATINUM—$1200
  PREFERRED PLACEMENT AT VENDOR SHOW, PRE-PAID TABLE AT SHOW WITH ELECTRICAL, AND ALL GOLD BENEFITS

GET YOUR NAME IN FRONT OF YOUR CUSTOMERS ALL YEAR LONG!

As a product manufacturer or distributor, you want your customers to see and hear your company name as much as possible, and our Section has a long list of activities to plan. By partnering at the start of our year, your company will be featured repeatedly in our communications to our members, on our brand-new Website, and at our meetings.

Your sponsorship goes to support:
- Subsidizing public-sector members’ attendance at luncheons
- Activities and equipment for Cal Poly Pomona’s ITE student chapter
- Plans to start a new student chapter at Cal Baptist University
- And many more initiatives!

The Advanced Transportation Controller (ATC) family of standards provides an open architecture hardware and software platform that can support a wide variety of Intelligent Transportation Systems (ITS) field applications. Under USDOT funding, a software reference implementation of the ATC 5401 Application Programming Interface (API) Standard has been developed called the called the APIRI software. The APIRI software is designed to be incorporated into all ATC units going forward and provides modern computing capabilities for ITS field applications for today and the future. This ITS milestone will impact how agency and private practitioners procure, design, build and deploy ITS solutions. (6 PDHs offered)

**Benefits of the APIRI Software include:**

- Provides for multiple concurrent application programs to share the resources of the ATC unit and the field cabinet system;
- Facilitates portability and interchangeability of application programs which creates a competitive environment for hardware and software;
- Provides a software platform in which to implement emerging federal initiatives such as the Connected Vehicle program;
- Compatible with all of the existing major transportation field cabinet systems including NEMA TS 1, NEMA TS 2, 332-type, and ITS cabinets;
- Promotes innovation and third party solutions for ITS issues; and
- Maintained as open source software and available to everyone.

**Workshop Learning Objectives / Topics:**

- API Reference Implementation (APIRI) and API Validation Suite (APIVS) Software – What do they do for you?
- Demonstration of the ATC Standards Working Together
- Demonstration and Training for the APIRI Software from an End User’s Point of View
- Demonstration and Training for the APIVS Software from a Tester’s Point of View
- Using the APIRI and APIVS software from a Software Developer’s Point of View
- Q&A

*A new generation of transportation field devices is here!*
To Whom It May Concern:

We are pleased to announce that next year Cal Poly Pomona will be hosting the ITE Student Leadership Summit for 2016. The “SLS” was hosted by Cal Poly SLO and Sacramento State respectively. They both did a great job providing an interactive summit that brought leadership, students, and professionals together for 3 days. This year Cal Poly Pomona has the chance to carry the torch and plan a summit just as great as our predecessors. It will be on the weekend of January 22nd at the Cal Poly Pomona campus. This early date allows for the Western District of ITE board to join us and take some stress off the semester schools since they will still be on winter break.

With 100 students attending last year, and some being turned down due the limit we plan on having a bigger event that is able to accommodate the leadership development in ITE students in the Western District. Due to the large event size we need your help with the financial burdens we are currently facing. ITE CPP has made a sizable donation allowing us to secure down payments for the event. With your donation we will make this event possible.

Please see the attached Sponsorship Tier and Commitment Forms as you consider sponsoring this event. At your earliest convenience, please use the enclosed return envelope to return the Commitment form and your sponsorship payment to us. Please note that payments are due at the time of commitment. If you have any future questions you can contact us at the emails listed below, or through our website at www.cpp.edu/~ite.

Sincerely,

Nigel Antony  
Co-Chair, 2015 ITE SLS

## Additional Ways to Help: Become a Food Sponsor!

In addition to your Green or Gold Sponsorship, you can help us provide food for the future leaders.

| **Company/Organization/Individual will be recognized during the meal for their support.** |
| **Please contact us if interested in helping with food costs or any other conference costs.** |

*In-kind sponsorships are also available. Please contact us for further details.*

*All sponsors are encouraged to provide company-branded items (stress ball, sunglasses, pens, etc.) to be included in ITE Student Leadership Summit registration bag provided to all attendees.*

For more information on sponsorships, please contact Alexander Sequeira at 2016itesls@gmail.com.
2016 ITE Student Leadership Summit

Tentative Schedule

Friday, January 22, 2016
♦ Vendor Fair
♦ Tour of Campus
♦ Summit Welcome Address
♦ Keynote Speaker Address
♦ Welcome Dinner

Saturday, January 23, 2016
♦ Continental Breakfast
♦ Presentations on various topics including:
  ◊ Leadership (types of leadership, project management, communication)
  ◊ Career Development (marketing one’s self, private vs. public)
  ◊ Transportation (community impact, planning, traffic)
♦ Lunch
♦ Student Competition
♦ Speed Interviews
♦ Resume Workshop
♦ Summit Banquet

Sunday, January 24, 2016
♦ Continental Breakfast
♦ Student Competition and Judging
♦ Local project site visit, project to be determined. If interested please contact Nigel Antony (nigelvantony@gmail.com)

*Sponsors are needed for food and competition prizes.
Professionals are needed for the speed interviews and resume workshop.
