A Legislative Overview:
What happened in 2016 – What is at the horizon for 2017

Hamid Bahadori is the Manager of Transportation Policy and Programs for the Automobile Club of Southern California (AAA). He serves on many traffic/transportation advisory boards and committees throughout the state, including the California Traffic Control Devices Committee (CTCDC) which is responsible for approving standards for all traffic control devices in California. He is also an adjunct professor of transportation engineering at the University of Southern California (USC), and teaches public policy and government courses at several higher academic institutions. Hamid has over 30 years of experience in planning, funding, design, construction and operation of major transportation projects. He is a registered civil and traffic engineer in California and has Bachelor and Master of Science degrees in civil engineering and a Master of Public Administration (MPA). He will shed some light on all active legislation bills as well as latest changes in the CA Vehicle Codes. Prepare your questions in advance!

2016 RSBITE Vendor Show
Thank you!
To the following companies represented
And also to those who donated raffle prizes:

A special thank you to the following sponsors:

- ADVANTEC - Co-name badge sponsor
- COUNTS UNLIMITED - Co-name badge sponsor
- Michael Baker International - Continental Breakfast Sponsor
- Rodefx – Wifi Sponsor
RSBITE’s 2017 Annual Vendor Show was held on January 19th at the Doubletree Hotel in the City of Ontario. This vendor show attracted professionals from the industries, and students and faculties from neighboring institutions including, Cal Poly Pomona and Cal State Fullerton. The event showcased great and advanced traffic related products, allowing the professionals and students a chance to ask questions to company representatives and view new product offerings.

The President of RSBITE, Dr. Mohammad Qureshi, provided a warm welcome and thanked exhibitors including event sponsors for their strong support. RSBITE had plenty of support at the registration table provided by Board members and students who helped check in guests and sell raffle tickets for the generous prizes donated by exhibitors.

This year’s vendor show, RSBITE had the privilege to invite Carlos Ortiz, Chief Operating Officer at Advantec Consulting, Inc. to present their Regional Traffic Signal Synchronization Program in Coachella Valley. Advantec is working with Coachella Valley Association of Governments (CVAG) on to enhance traffic signal systems, implement state-of-the art traffic management systems, improve the environment, and prepare agencies for advanced ITS technologies. The project coordinates with 12 agencies over 50 corridors, 80 miles of roadway, and approximately 562 traffic signals. The project is currently in Phase 1 and the Preliminary Engineering cost is approximately $2.7 million to prepare ITS Master Plan. By 2020, the project will help to prepare Coachella Valley for Connected/Autonomous/Driverless Vehicles and Smart Cities pilot projects.

Following the presentations, the presidents of ITE student chapter from Cal State Fullerton and Cal Poly Pomona thanked RSBITE and exhibitors for their success on the Student Leadership Summit at Cal State Fullerton. The vendor show continued with its traditional raffle prize drawing which offered some wonderful prizes donated by exhibitors and RSBITE. The event was a great success, and we would like to send our sincere thanks out to the exhibitors, professionals, and students that participated!

The 2017 #rsbite Vendor Show was another huge success! We got to hear Mr. Carlos Ortiz talk about the exciting things happening with the Coachella Valley Regional Traffic Signal Synchronization Program. Thank you to all of our sponsors who make this event possible!

**March Meeting Preview**

**34th Annual RSBITE Golf Tournament**  
**March 17th at the Menifee Lakes Country Club**

1. Reminding everyone that you don't have to be a member of RSBITE to play in the golf tournament. Everyone who wants to have a fun day playing golf, eating, and visiting with friends are welcome to join the good times. The early bird special cost for golf and lunch is $75.00 if received by Monday March 6, 2016.
2. Lunch will be a delicious BBQ buffet. If you can't join us for golf you are welcome to have lunch with us. Sign up for lunch using the golf flyer. Cost is $28.00.
3. Each person who signs up for the golf tournament will be entered into a raffle for a chance to win a special raffle prize.
4. See the attached golf flyer (Page 9) for more details.

**SDITE, SoCalITE & RSITE Joint Workshop Meeting**  
**Friday March 10th at El Adobe Restaurant, San Juan Capistrano**

Speaker and topic to be decided.  
Sponsorships are available.
The primary objectives of Complete Streets Safety Assessments are:

- To improve safety for all modes of travel in a city or county, with emphasis on pedestrian and bicycle safety
- To create safe, comfortable, accessible, and welcoming environments for all road users
- To enhance the walkability, bikeability, and economic vitality of local districts

To achieve these objectives, Tech Transfer provides free Complete Streets Safety Assessments to California local agencies. We send expert evaluators to review traffic, pedestrian, and bicycle safety conditions, programs, and needs of your agency, and suggest new strategies to improve safety for all road users, with emphasis on pedestrians and bicyclists. Tech Transfer provides highly-focused, in-depth, expert safety reviews of problem areas and specific suggestions for pedestrian and bicycle safety improvements. This free technical assistance service also helps local agencies identify potential sources of funding to make the suggested improvements, and justification to use in grant applications for state and federal funding.

Who can request a Complete Streets Safety Assessment?

California communities with populations over 25,000 with significant pedestrian and bicycle safety issues may request a Complete Streets Safety Assessment from Tech Transfer. Priority is given to applicant agencies that appear in the highest collision rates (top ten lists) for OTS collision rankings. California agencies can review their OTS collision ranking online.

How can I request a Complete Streets Safety Assessment?

To learn more about Complete Streets Safety Assessments and to request one for your community, email safety@techtransfer.berkeley.edu or see link below. A limited number of assessments are available each fiscal year, so send in your request early.
